 - c) maximum mealtime of 60 (sixty) minutes; and
 - d) required to use the *PeduliLindungi* application to screen all visitors and employees, and only visitors with the Green category in the *PeduliLindungi* application may enter unless they cannot be vaccinated due to health reasons,
- 4) technical arrangements for number 1) to number 3) are regulated by the Regional Government,
- g. activities at shopping centers/malls/trade centers are opened with a maximum capacity of 75% (seventy five percent) until 21.00 local time with the following conditions:
- 1) with due observance to the provisions in letter c.4) and letter f.2);
 - 2) children under 12 (twelve) years old are allowed to enter and must be accompanied by their parents. Specifically for children aged 6 (six) years up to 12 (twelve) years old, they are required to show proof of vaccination of at least the first dose;
 - 3) children's playgrounds and entertainment venues in shopping centers/malls/trade centers are opened provided that they show proof of complete vaccination specifically for each child aged 6 (six) to 12 (twelve) years old who enter;
 - 4) must use the *PeduliLindungi* application for all visitors and employees and only visitors with the Green

category in the *PeduliLindungi* application may enter unless they cannot be vaccinated due to health reasons,

- h. Cinemas may operate under the following conditions:
 - 1) required to use the *PeduliLindungi* application to screen all visitors and employees;
 - 2) maximum capacity of 70% (seventy percent) and only visitors with the Green category in the *PeduliLindungi* application may enter unless they cannot be vaccinated due to health reasons;
 - 3) children under 12 (twelve) years old are allowed to enter and must be accompanied by their parents. Specifically for children aged 6 (six) years up to 12 (twelve) years old, are required to show proof of vaccination of at least the first dose;
 - 4) restaurants/diners and cafes within the cinema area are permitted to accept dine-in with a maximum capacity of 50% (fifty percent) and a maximum of 60 (sixty) minutes mealtime; and
 - 5) following the health protocols regulated by the Ministry of Tourism and Creative Economy, and the Ministry of Health,
- i. the implementation of construction activities for public infrastructure and private construction (construction sites and project sites) operates 100% (one hundred percent) by implementing stricter health protocols;
- j. places of worship (Mosques, Prayer Rooms, Churches, Temples (*Pura*), Viharas and Temples (*Klenteng*) as well as other public places that function as places of worship), can hold congregational worship/religious activities during the implementation period of PPKM Level 2 (one) with a maximum of 75% (seventy five percent) capacity by implementing more stricter health protocols and with due observance to technical provisions from the Ministry of Religion;
- k. public facilities (public areas, public parks, public tourist attractions and other public areas) are permitted to open

with a maximum capacity of 75% (seventy five percent) by implementing:

- 1) following the health protocol regulated by the Ministry of Health and/or related ministries/institutions;
 - 2) required to use the *PeduliLindungi* application to screen all visitors and employees and only visitors with the Green category in the *PeduliLindungi* application may enter unless they cannot be vaccinated due to health reasons;
 - 3) children under 12 (twelve) years old must be accompanied by their parents. Specifically for children aged 6 (six) years up to 12 (twelve) years old, they are required to show proof of vaccination at least the first dose; and
- l. arts, culture, sports and social activities (locations of arts, culture, sports facilities and social activities that can cause crowds and masses) are allowed to open with a maximum capacity of 75% (seventy five percent) by implementing stricter health protocols and being required to use the *PeduliLindungi* application and only visitors with the Green category in the *PeduliLindungi* application may enter unless they cannot be vaccinated due to health reasons;
 - m. activities at fitness centers/gyms are allowed to open with a maximum capacity of 75% (seventy five percent) by implementing more stricter health protocols and being required to use the *PeduliLindungi* application and only visitors with the Green category in the *PeduliLindungi* application may enter unless they cannot be vaccinated due to health reasons;
 - n. public transportation (public vehicles, mass transportation, taxis (conventional and online) and rental vehicles) is enforced with a maximum capacity setting of 100% (one hundred percent) and 100% (one hundred percent) for aircrafts by implementing stricter health protocols;
 - o. implementation of wedding receptions may be held with a maximum of 50% (fifty percent) of the room capacity and may not have meals on the premises;

- p. requirements for domestic travel using private cars, motorbikes and long-distance public transportation (airplanes, buses, ships, and trains) is in accordance with the provisions stipulated by the National COVID-19 Handling Task Force;
- q. continue to wear a mask correctly and consistently when carrying out activities outside the home and it is not permitted to use a face shield without using a mask; and
- r. the implementation of PPKM at the RT/RW, Village/Sub-district and District levels shall be enforced by activating the Posts at each level by observing the criteria territorial control zoning.

SEVENTH : Industries that have an export and domestic orientation in areas of level 3 (three) and level 2 (two) are permitted to operate with a capacity of 100% (one hundred percent) of staff divided into at least 2 (two) shifts with the following conditions:

- a. have an IOMKI and obtain a recommendation from the Ministry of Industry;
- b. companies and its employees are required to use the *PeduliLindungi* application to screen people entering and leaving the company's production facilities;
- c. only employees with complete doses of vaccination may enter shifts unless they cannot be vaccinated due to health reasons;
- d. all companies must follow the health protocol references determined by the Ministry of Industry and the Ministry of Health; and
- e. the Ministry of Industry and regional government are ranked in order to be able to supervise the implementation of this health protocol.

EIGHTH : All sports competitions may be held under the following conditions:

- 1) the venue is only in the Regency/City area with criteria of level 3 (three), level 2 (two), and level 1 (one);

- 2) all players, officials, media crew, and support staff are required to use the *PeduliLindungi* application to screen people entering and leaving competition and training venues;
- 3) the implementation of competitions is allowed to accept live spectators in the stadium with a maximum percentage of stadium capacity following the level criteria in the Regency/City area as follows: 50% (fifty percent) for level 3 (three), 75% (seventy five percent) for level 2 (two) and 100% (one hundred percent) for level 1 (one);
- 4) all players, officials, media crew, and support staff and spectators attending the competition must have received a second dose of vaccination, negative PCR (H-1) with negative results and an Antigen with negative results on match day; and
- 5) the implementation of competitions must follow the health protocol rules as determined by the Ministry of Health.

NINTH : Restrictions on the entrance of international passenger travel are regulated with the following conditions:

- a. air entrance is only through Soekarno Hatta Airport in Tangerang, Banten Province, Juanda Airport in Sidoarjo, East Java Province, Ngurah Rai Airport in Denpasar, Bali Province, Hang Nadim Airport in Batam, Riau Islands Province, Raja Haji Fisabilillah Airport in Tanjung Pinang Riau Islands Province, Sam Ratulangi Airport in Manado, North Sulawesi Province and and Zainuddin Abdul Madjid Airport in Central Lombok, West Nusa Tenggara Province;
- b. the only sea entrance is through Tanjung Benoa in the Province of Bali, Batam, Tanjung Pinang and Lagoi Bintan in the Province of the Riau Archipelago, and Nunukan in the Province of North Kalimantan. Specifically for Tanjung Benoa in Bali Province, cruise ships and sailing ships (yacht) can be used;
- c. land entrances are only through the State Border Post (*Pos Lintas Batas Negara* or PLBN) Aruk in West Kalimantan Province, Entikong in West Kalimantan Province, and Motaain in East Nusa Tenggara Province;

- d. replacement and repatriation services for the Crew of Foreign Citizens (WNA) or Crew of Indonesian Citizens (WNI) on foreign-flagged vessels can be carried out at the following ports: Belawan, Tanjung Balai Karimun (Nipah Island and Tg. Balai Karimun), Batam (Galang Island, Batu Ampar, and Kabil), Merak, Tanjung Priok, Tanjung Perak, Makassar, Bena, Sorong, Ambon, and Bitung.
- e. technical arrangements related to the implementation of the provisions as referred to in letters a) to d) and during the transition period will be further regulated by the Ministry of Transportation / National COVID-19 Handling Task Force / related Ministries / Institutions.

- TENTH : The Governor, after receiving the vaccine supply from the Ministry of Health, immediately distributes it to the Regency/City and is not held as a reserve (stock) in the Province.
- ELEVENTH : Governors, Regents and Mayors prohibits any form of activity/activities that can cause crowds.
- TWELEVETH : Governors, Regents and Mayors coordinate and collaborate with the National Army of Indonesia (TNI), the National Police of Republic of Indonesia (Polri) and the Public Prosecutor's Office in implementing PPKM.
- THIRTEENTH : Tighten activities and education with the following principles:
- a. COVID-19 is most contagious in closed conditions, long meetings (more than 15 (fifteen) minutes), close-range interactions, crowds, vigorous breathing activities such as singing, talking and laughing and not wearing masks such as when eating together;
 - b. the correct and consistent use of masks is the minimum health protocol that everyone should apply;
 - c. washing hands with soap or hand sanitizer repeatedly, especially after touching objects touched by other people (such as doorknobs or stair railings), avoid touching the face area with hands;

- d. a good type of mask will protect more and using 2 (two) layers is a better choice. Masks should be changed after use of (>4 (more than four) hours);
- e. implementation of health protocols is carried out by considering air ventilation factors, duration, and interaction distance, to minimize the risk of transmission in activities;
- f. distance considerations can be applied as follows:
 - 1) work from home only, and interact only with people who live in the same house;
 - 2) if you have to leave the house, you must always strive for keeping a minimum distance of 2 (two) meters in interacting with other people. Reduce/avoid contact with other people who do not live in the same household; and
 - 3) socializing various visual instructions in public places related to the prevention and handling of COVID-19,
- g. duration considerations can be applied as follows:
 - 1) if you have to interact with other people or attend an activity, do it with a short duration to reduce the risk of transmission; and
 - 2) in an office and other situations, scheduling and rotation can help to reduce the duration interaction,
- h. ventilation considerations can be applied as follows:
 - 1) outdoor activities have a much lower risk of transmission than indoor activities; and
 - 2) the room should always be endeavored to have good air ventilation. Opening doors, windows can be done to reduce the risk of transmission. In the event that the door or window cannot be opened,

an air purifier with a High Efficiency Particulate Air (HEPA) filter can be used indoors,

- i. in conditions of widespread transmission in communities, then stricter interventions by significantly limiting community mobility need to be carried out;
- j. 3T measures (testing, tracing, treatment) shall always be implemented:
 - 1) testing shall be intensified according to the weekly positivity rate, with the following conditions:

Weekly Positivity rate	Number of tests (per 1000 inhabitants per week)
<5%	1
>5%-<15%	5
>15%-<25%	10
>25%	15

Testing shall always be intensified with a target positivity rate of <5% (five percent). The daily testing target is the minimum number of daily tests that must be met by the district/city. The people who are counted into the target testing are suspects and contacts of confirmed cases, not asymptomatic people who are screened. The target number of testing must be achieved at the district/city level following the table below:

Province	Regency/City	Number of Testing Target/Day

2) tracing shall be carried out until there are more than 15 close contacts per confirmed case. Quarantine needs to be carried out on those who has been identified as close contacts. Close contacts once identified shall be checked (entry-test) and quarantine shall be carried out. If the test result is positive, then isolation is compulsory. If the test result is negative, then a follow-up quarantine is compulsory. On the 5th day of quarantine, it is necessary to re-examine (exit-test) to see if the virus is detected after/during the incubation period. If negative, the patient is considered to have completed the quarantine; and

3) treatment needs to be done comprehensively according to the severity of the symptoms. Only patients with moderately severe and critical symptoms need to be hospitalized. Isolation needs to be done strictly to prevent transmission,

acceleration of vaccination efforts must continue to be carried out to protect as many people as possible and this effort is carried out to reduce the rate of transmission and prioritize the safety of those who are vulnerable to death (such as elderly people with comorbidities) considering the limited health capacity and long-term impact from COVID-19 infection.

FOURTEENTH : Governor Regents and Mayors are to:

- a. accelerate social aid distribution and social safety nets sourced from the Regional Revenues and Expenditures Budget (*Anggaran Pembelanjaan dan Belanja Daerah* or “**APBD**”) if there is a need for additional funding for

budgeting and distribution of social assistance and social safety nets in supporting the implementation of PPKM COVID-19:

- 1) rationalization and/or reallocation of budgets from programs/activities that are less prioritized in the social assistance budget and social safety nets;
- 2) the procedure for rationalizing and/or reallocating the need for additional funding for budgeting and distribution of social assistance/social safety nets in supporting the implementation of PPKM COVID-19 is guided by Article 4 and Article 5 of Regulation of the Minister of Home Affairs Number 20 of 2020 regarding Acceleration of Handling the Corona Virus Disease 2019 within the Regional Government and Article 3 to Article 6 of the Minister of Home Affairs Regulation Number 39 of 2020 regarding Prioritizing the Use of Budget Allocations for Certain Activities Changes in the Allocation and Use of Regional Revenue and Expenditure Budgets;
- 3) on the acceleration of distribution and implementation of Village Fund - Direct Cash Assistance ("*Bantuan Langsung Tunai - Dana Desa* or "**BLT-DD**"):
 - a) Regents/Mayors to accelerate the evaluation of Expenditure Budget (*Anggaran Pendapatan dan Belanja Desa* or "**APBDesa**") for Villages that have not stipulated a Village Regulation regarding APBDesa ratification of Human Development Cadre (*Kader Pembangunan Manusia* or "**KPM**") data by the Regional Government recording KPM data for BLT-DD recipients on State Budget Treasury System Online Monitoring (*Online Monitoring Sistem Perbendaharaan Anggaran Negara* – "**Om-SPAN**") in accordance with the provisions of the laws and regulations; and
 - b) the Village Head to conduct recording and stipulation of KPM and follow up with the implementation of BLT-DD in accordance with the provisions of the legislation,

- b. synchronizing social assistance originating from the central with other social assistance sourced from the APBD.

FIFTEENTH : Funding for the implementation of PPKM due to the COVID-19 Pandemic sourced from the APBD:

- a. in the implementation of PPKM due to the COVID-19 Pandemic, the Regional Government can make expenditures for which the budget is not yet available, is then followed by proposing an APBD amendment draft;
- b. the expenditure as referred to in letter a is carried out with a direct charge to the Unexpected Expenditure (*Belanja Tidak Terduga* or “**BTT**”);
- c. in the event that the BTT is insufficient, the Regional Government reschedules the program and activity achievements to prioritize the use of budget allocations for certain activities and/or changes in budget allocations and utilizes available cash reserve through regional head regulations amendments regarding APBD and notifies the head of Region People’s Legislative Council. The results of the budget allocation for rescheduling the results of the program and activity achievements are diverted for unexpected expenditures; and
- d. the procedure for using BTT in the context of implementing PPKM due to the COVID-19 Pandemic originating from the Regional Budget is guided by the Minister of Home Affairs Regulation Number 39 of 2020.

SIXTEENTH : a.

- a. In the event that the Governors, Mayors or Regents do not conduct the provisions as referred to in this Ministerial Instruction, they are imposed with sanctions as stipulated in Article 68 until Article 78 of Law Number 23 of 2014 regarding Regional Government;
- b. For Business Actors as referred to in the FOURTH Dictum, FIFTH Dictum, and SIXTH Dictum that do not implement the provisions as regulated in this Instruction shall be subject to administrative sanctions until the closure of the business in accordance with the provisions of the laws and regulations; and

- c. Every person may be imposed with sanctions for violations in the framework of controlling infectious disease outbreaks according to:
- 1) Articles 212 to 218 of the Criminal Code;
 - 2) Law Number 4 of 1984 regarding Outbreaks of Infectious Diseases;
 - 3) Law Number 6 of 2018 regarding Health Quarantine; and
 - 4) Regional Regulations and Regional Head Regulations; as well as
 - 5) Provisions of other relevant laws and regulations.

EIGHTEENTH : This Instruction of the Minister shall enter into force on March 15, 2022 until March 21, 2022.

Issued in Jakarta
on March 14, 2022
MINISTER OF HOME AFFAIRS,

[signed]

MUHAMMAD TITO KARNAVIAN
